

## Crew Itinerary

In 2008 the mission boat will run in July and August.

Each week there are spaces available for 7 crew members. All crew members will have a great opportunity to meet and share God's love with others. The talents each crew member is blessed with, be it evangelism, cooking, leading Bible studies, or even tying a knot, will all help in serving God in this mission field. Please also note that all crew changeovers will occur on Saturdays. Visit our [Boat Based Crew Member](#) page to learn more about signing on as a Crew Member.

All crew meet in Parksville on Vancouver Island, by 8 a.m. on the Saturday (first day of each crew week) for departure by shuttle (provided) to the crew change location.

*We will be working to co-ordinate our itinerary for the summer of 2008.*

*This involves working with the locations that have requested us to come back as well as trying to establish new contacts. We work with boat based mission crews as well as our land crews to meet those needs. **For this reason our itinerary is subject to change in terms of locations visited, however we adhere to specific dates and locations for changing crew.** We are planning to be on the water for six weeks in three broadly defined areas, which you will find described as [Inside Passage and Port Hardy to Hartley Bay](#):*
